

The "Ashton"

1523 Sq. Ft.

CVE Builders

The "Ashton" features 1523 square feet of living space. This spacious ranch style plan offers an open floor plan that invites you and your family every time you open the front door. This plan includes a basement that is easily finished for another 1500 sq. ft. of living space. The world looks a bit more refreshing when you view it through the expansive windows in the dining room and great room.
